

Instructions to select your courses for 2018-19

- go to atcschool.org
 - type in powerschool into search bar
 - click link
 - click parent login
 - select correct student if there are siblings
- select class registration (on the left bar) - core classes are already assigned - click pencil icon on the right for particular subjects > select course(s) > click okay > continue until all course subjects have been selected (electives have two pages). > hit submit

Rising 11th and 12th graders will go to a google classroom (titled ATC Class Schedule 2018/19 – **u1gzhrq** is the classroom code) to prioritize their electives and indicate any unique circumstances. You will receive and invite from Jenn Cintas through email.

Important Notes –

- For **rising 11th graders** – if they did not take PE in 9th grade please add it to your electives and indicate it as their first priority in the google classroom assignment. Please note that Athletics counts as a PE credit.
- If you are done with their foreign languages (have three credits – two being the same language) please select a foreign language anyway and indicate your circumstance in the google classroom assignment.
- You will have until March 14th, 2018 to complete the course selection through Powerschool. If you need to change your selection or priority please see Jenn or Shannon.
